Description

The Terex RT665 Rough Terrain crane has a maximum lift capacity of 65 tons and a four-section full-power mechanically synchronized telescoping boom with a maximum length of 110 feet. Terex rough terrain cranes offer the latest in technology, hydraulics, ergonomics and design making them extremely flexible, reliable, and able to be deployed for a broad array of tasks.

This crane is fitted with an advanced suspension, fully independent hydraulic outriggers, hydrostatic power steering, and a high-tech operator's cab all of which add to the Terex RT665 best in class features. The RT665-1 adds a Cummins QSB6.7L Tier III engine.
