## ROUGH TERRAIN CRANE

## LOW PROFILE. HIGH CAPACITY.

The **CD4430 Rough Terrain Crane** combines the agility of a smaller-scale crane with the 30-ton capacity many pick-and-carry jobs demand.

The only cab-down 30-ton model on the market, the **CD4430** is just over 11' tall, which makes it an ideal choice when space is limited. The lower profile also lets operators see more clearly and lift more confidently.

Yet the **CD4430** packs all the performance of up-cab 30-ton RT cranes. It offers:

- Multiple boom configurations
- Four steering modes with auto alignment
- Highly visible, ergonomically engineered two-door cab with joystick controls
- Integrated safety features

Safety.  
Convenience.  
Comfort.

The only cab-down 30-ton model on the market.

## THE RIGHT TOOL FOR THE JOB

With the CD4430 Rough Terrain Crane, you can:

- **Reach farther.** With a three-section boom length of up to 77 ft., you can lift farther.
- **Get in and out easily & safely.** With the CD4430, steps and handrails are standard.
- **See clearly.** With its lower profile and expansive use of glass, you'll never lose sight of your load.
- **Lift confidently.** In a pick and carry, there's no room for error. The CD4430's joystick controls are easy to use and responsive, so you're always in command.
- **Pick and carry in comfort.** The two-door cab offers maximum space for maximum comfort.
- **Meet the latest EPA tiered engine requirements.** The Cummins® diesel engine complies with the newly established U.S. Environmental Protection Agency (EPA) air emissions standards.
