Self-Propelled Aerial Work Platforms

Courtesy of Crane.Market

“THE SUPER-MAXX SERIES”...The Grove Manlift line of high-reach, high-capacity scissor lifts. With working heights of up to 46 ft. (14.0 m) and platform capacities up to 2,000 lbs. (907 kg). The **SUPER-MAXX** series is designed to take on your biggest, toughest jobs.

Check-out these features:

- Working heights of 31 ft. (9.4 m), 38 ft. (11.5 m), and 46 ft. (14.0 m).
- Front wheel drive and steer.
- Proportional control of drive and lift.
- Removable platform railing.
- Patented control enable button.
- Outstanding platform capacities.

Standard Equipment

PLATFORM

Diamond-embossed steel platform deck and removable 44 in. (1.1 m) railings with 6 in. (0.15 m) toe-board.

Large standard deck offers 71.9 sq. ft. (6.7 m²) of area.

CONTROLS

Weather resistant upper control console with joystick for proportional control of drive and lift functions. Toggle switches for drive /lift select, range select, and high/low drive speed.

Convenient removable control box features patented enable button.

Proportional control of the drive and lift functions eliminates jolting starts and stops. For your convenience, the removable control box, with umbilical cord, permits operation from either side of the platform...or off-platform, if necessary. The control enable button* is designed to prevent inadvertent functioning of all controls.

Lower control panel with keyswitch for off/on and start. Toggle switches for lower control select and lift up.

Manual emergency lowering valve.

Motion alarm, tilt alarm, hourmeter, and voltmeter.

SCISSORS ARMS

Heavy-duty, rectangular steel scissors arms with low maintenance greaseless bushings.

HYDRAULIC SYSTEM

Load sensing hydraulics with variable displacement axial piston pump. Torque limiting feature prevents engine stalling. A piggy-back gear pump provides priority flow, for steering function.

14 gal. (53 L) translucent polyethylene hydraulic tank.

10 micron nominal hydraulic pressure filter and a 10 micron absolute in-tank return filter.

Piggy back gear pump provides priority flow for steering.

POWER PLANT

20 hp Kohler M20S 2-cylinder air-cooled gasoline engine.

13 gal. (49.2 L) translucent polyethylene fuel tank.

CHASSIS

Heavy-duty all-steel frame provides exceptional stability and durability.

Front-wheel hydrostatic drive with counter-balance valve.

Brakes are automatically spring applied and hydraulically released.

Wheel torque-hubs disengage easily for towing.

Cylinder-actuated, front wheel steering provides a tight turning radius.

SUPER-MAXX Series XT versions offer standard four-wheel drive.

Options

- 48 in. (1.2 m) roll-out deck extension with 250 lbs. (133 kg) capacity.
- 48 in. (1.2 m) hydraulic powered deck extension with 250 lbs. (133 kg) capacity.
- Air-Boss tires (eliminates drive-cutout on the SM4688 models).
- 110-V AC wiring to platform, with dual outlets on platform and chassis. 15-amp resettable circuit breaker and ground fault interrupter.
- Foam-filled tires (standard loader tires only).
- High flotation terra grip or terra rib tires (increases unit width to 7 ft. 6 in. (2.29 m)).

- Oscillating rear axle with four wheel steer.
- Hydraulically-operated outriggers with independent leveling capability.
- 20 hp Kohler M20S 2-cylinder air-cooled dual fuel engine.
- 19.5 hp Kubota D950 water-cooled diesel engine.
- 28 hp Hatz 2L31C diesel engine with Hatz silent pack.
- Sheetmetal side cover for gasoline tank or LP.
- Additional LP gas tank bracket.

**Grove patented feature*

Optional four-wheel steering makes it easy to maneuver close to walls and through congested job sites.

Optional 48 in. (1.22 m) roll-out or hydraulic deck extension with 250 lbs. (133 kg) capacity lets you reach over obstacles.

Oscillating rear axle is optional.

Specifications

WARRANTY

Now there's another reason to choose Grove Manlift aerial work platforms! It's the Grove Manlift Product Protection Plan! Under this plan, all new Grove Manlift aerial work platforms are warranted to be free from defects in material and workmanship for *one full year*. All structural components, including booms, riser, masts, turntables, frames and scissors arms, are covered for *five years*!* Only Grove Manlift has the confidence -- and the equipment -- to make an offer this good.

*See manufacturer's warranty for any limitations or restrictions which may apply.

**The strongest warranty in the industry . . . for the
strongest line in the industry!**
