STREET TOUGH.

800-323-0135 | LAYMOR.COM

KEY FEATURES

- Shift-on-the-go eliminates stopping the unit to shift to high gear.
- Available with tow package or quick-disconnect push blade.
- The single-point broom pivot design keeps the pivot point free of debris.
- Engine compartment designed for excellent airflow & easy access.
- Operator seat is behind the centerline of the broom for max visibility.
- Forward & reverse foot pedals free up hands for other operator functions.
